

PowerSchool Assessment Item Creation

PowerSchool

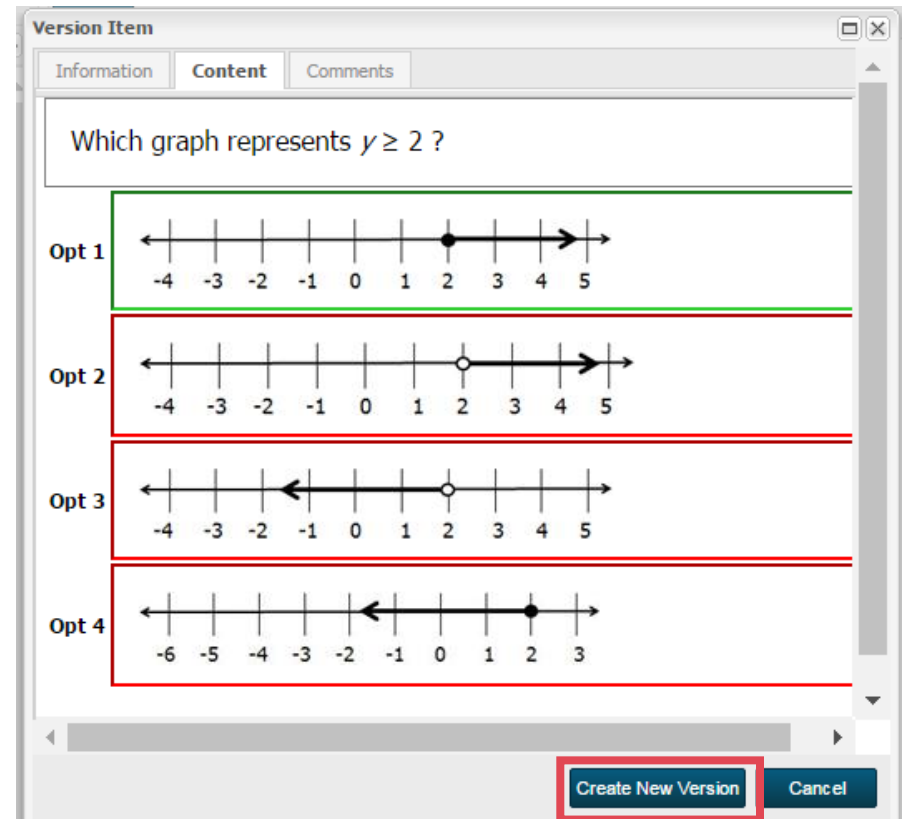

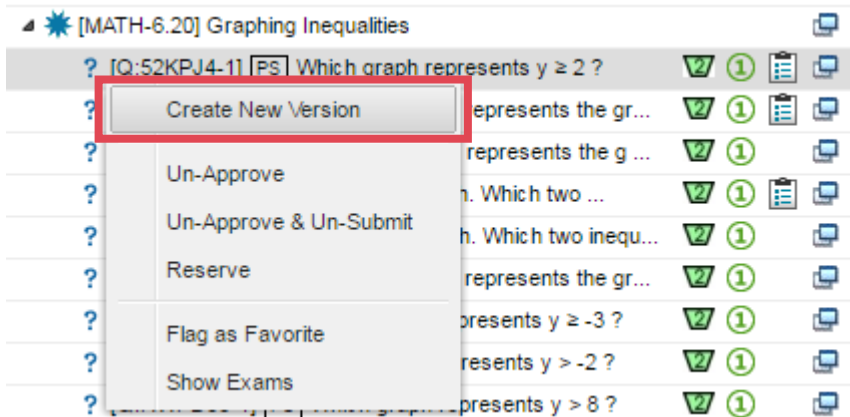

Tips & Tricks

Adding Images

- Images **can** be used in Multiple Choice, Hot Spot, Fill in the Blank, and Constructed Response items.
- Images **must** be used in Drag and Drop items.
 - *Recommended pixel size: 950X550*
- **Accepted file types: .jpeg, .gif, .bmp, .png.**
- **Images must be edited outside of PowerSchool Assessment.**

Duplicating Items and Resources

- Right click on any item or resource to create a new version.
- Update any information you'd like to change, then click Create New Version.

Editing Tools
